Dear Employer,

I am writing to express my interest in interviewing for the position of Software Developer. During more 4 years of experience as a full-stack Web Developer, I have developed both the functional and aesthetic components of client websites. I believe I can make an immediate impact on your organization with my unique blend of skills and passion.

My professional experience includes using programming languages such as Pure PHP, Laravel Framework, OpenCart, Ajax, ASP.Net, Java, C#, Vue.js and JavaScript to create various features for client websites. I also have experience in developing and managing SQL and MYSQL databases. Combine this with my ability to thrive in a collaborative environment, and I think that makes me a perfect fit for your company.

Here are some highlights of my accomplishments as a Web Developer:

Successfully collaborated and efficiently communicated with project stakeholders to bring their vision to digital reality

Earned a Bachelor's degree in Software Engineering from Damascus University

Developed databases using SQL/MYSQL proficiency

Wrote code for various website functions using Pure PHP, Laravel Framework, OpenCart, Ajax, , ASP.Net, Java, C#, Vue.js and JavaScript

Tested and troubleshot all Web functions to ensure optimal user experience

My extensive knowledge of programming languages, Computer Science, and the principles of web design make me equipped to accelerate your company progress toward their goals. I look forward to discussing this position further in an interview.

Thank you for your consideration.

Sincerely,

Mohammad Ayash

شركة منتشر لحلول التقنية

2020/1/13
